Tugas 1 Pemrograman Web Lanjut

The screenshot shows a web browser window with the address bar at localhost:3000. The page displays a form titled "DATA DIRI" with the following fields and values:

- First Name: Shania (with a green checkmark and "Looks good!" feedback)
- Middle Name: Oktaviani (with a green checkmark and "Looks good!" feedback)
- Last Name: Gunawan (with a green checkmark and "Looks good!" feedback)
- NPM: 202310007 (with a green checkmark and "Looks good!" feedback)
- Birthdate: 26/10/2000 (with a calendar icon, a green checkmark, and "Looks good!" feedback)

A blue "Submit" button is located at the bottom of the form.

The screenshot shows the same "DATA DIRI" form, but with validation errors. The fields and their states are:

- First Name: Empty, with a red error message "Please provide a valid firstname."
- Middle Name: Oktaviani, with a green checkmark and "Looks good!" feedback.
- Last Name: Empty, with a red error message "Please provide a valid lastname."
- NPM: "Enter NPM", with a red error message "Please provide a valid npm."
- Birthdate: "hh/bb/tttt", with a red error message "Please provide a valid birthdate."

The "Submit" button remains at the bottom.
